BLOOM'S WEIGHT LOSS PRESCRIPTION INSURANCE SUPPORTED PROGRAM

Along with our cash-based weight loss programs, we offer a comprehensive supported weight loss program to prescribe medications through your prescription insurance plan. We will work with you to submit necessary paperwork to see if you are eligible.

TO GET STARTED:

Reach out to your insurance company to find out if your plan covers prescription medications such as Wegovy, Zepbound, Contrave, or Metformin. If your plan does, ask your insurance provider what your copayment is, and any special criteria you need to meet to have the medications prescribed.

To learn about your coverage, visit your insurance plan's website, or contact the company via the number on the back of your insurance card.

If you have commercial insurance through an employer and they don't opt in to obesity management medications (OMMs), you will not have coverage and will be best served via our cash-based weight loss programs.

I HAVE COVERAGE & WISH TO SEEK CARE WITH BLOOM PROVIDERS:

New to Bloom's Weight-Loss Program: Schedule a Weight Loss Consultation to meet with our nurse practitioner to discuss your current health status, medical and family histories, as well as a comprehensive discussion on the role of weight loss medications and the Bloom program options. We will discuss your insurance coverage and begin submitting the Prior Authorizations needed for prescriptive medication coverage.

Already a Bloom Weight-Loss Patient: Meet with our nurse practitioner to discuss your insurance coverage and begin the process of submitting Prior Authorizations needed for prescription coverage.

Please note each insurance provider has their own criteria for medication coverage that can differ from FDA and medically indicated reasons for the prescribing of GLP-1 medications. Bloom Medical Aesthetics & its providers/staff cannot guarantee coverage or verify coverage.

WEIGHT LOSS PRESCRIPTION INSURANCE PROGRAM

\$450 | ONE TIME ENROLLMENT FEE

\$140 PER MO. | MONTHLY FEE*

What's Included:

- **Concierge Wellness Support:** Personalized wellness support on your journey by our nurse practitioner and registered nurse team, tailored to your individual health goals.
