

WEIGHT LOSS SERVICES

TIRZEPATIDE WEIGHT LOSS PROGRAM

Tirzepatide is the newest and most effective weight loss medication. It targets multiple hormones that control hunger and cravings. It has a low side-effect profile and is safe for long term weight management. In some instances this medication may be a superior choice than semaglutide. Evaluation by our Nurse Practitioner will help guide the best option for achieving your optimized wellness.

Start-Up

What's Included: *In-office weekly appointments* for education and administration of Tirzepatide and MIC B12 shots for 12 weeks. Three **InBody body composition scans** (\$135 value).
